Dear Harry,

Dad has not finished shearing yet. Bert wrote this week, he said dad had gone over to Bulli to see if any of his sheep were over there all the Bulli sheep are sold. Barr sold all his sheep in the wool for 11/-.

Everyone seems to be going broke, such a number of block-holders are going to work at different things. Bob Butler has either given his block to Brady or left him in charge and he has gone to Sydney motor driving.

Sam Doherty has gone to Sydney very sick. Dr Elliott said he could not do anything more for him.

The boys have not heard yet how they got on in the exam.

Did you get a J.P. to sign those receipts that dad sent you. He said they would have to be signed by one.
