Darling

Sunday afternoon and another scribble to you. I always like to post your letter Sunday evening so that it will be ready for Monday's mail - that is of course if the mail goes out on that day. I intended writing to you last night (Saturday) but again my plans were upset. We had Aunt, Phyl, Unc, & Ann out to tea. They came early in the afternoon, & stayed until after 9 o'clock. So you will see that I didn't have very much time for writing yesterday. One can't plan anything these days, as there are so many interruptions.

I started your letter this afternoon. But had to knock off, as Joyce arrived, also Aunt.

The former did not stay to tea. Mother went to Church to night. Nell has not been

Well all day. Mimi & Mae are playing cards. Bill, & Woody have gone out for the evening just don't know where the go it is usually very late when they get home. It has been very windy all day, the weather is still keeping very dry. Here we had a storm Friday - it was a bit severe while it lasted but it was only out this day there was a terrific clap of thunder did not hear of anything being struck. We had a letter from "Mama" Friday - dry weather still continues there. Have not had any more since the 10 points I all most forgot to tell you that Eth was home yesterday she stayed the night, but had to be on duty early this morning. Ethel Day went to Bowral last week for three weeks holiday. She only stayed a day & a night, then arrived

Home. I believe it was a very nice guest house - but there were too many old people. I don't think Ethel would stay anywhere very long - even if there were young people. They seem to be a restless family. Ethel is studying very hard she is going in for Medicine. But I can't imagine her passing. Min is going away next week for a holiday. I'll tell you all about it in my next letter.

Eth. & I are going up to "Maloto" Friday providing she gets the week end off. I've been feeling very well, since I came back from the back blocks. Just feel like a small trip. The last trip has put me off travelling for evermore. I can't possibly

Face another long journey
There have been more dust
storms at "Marine".

Ann is an adorable child. I
haven't seen Margaret for
months. Aunt is coming
over tomorrow to stay a week
she seems to be much better
& brighter.

So dearest I must close now.
Want to post this. Then I am
off to bed. I'll be posting you
another letter Thursday. I hope
to have more news.

Am expecting a letter from
you this week, I will be disappointed
if I don't get one. I do hope
you are well. Take care of your
self. Lots of love from all.
as ever
yours devotedly
Dorothy
