Dear Harry,

Received your letter this AM, I wrote to you so I suppose you have it by now. A Chap name King bought Mamma, but Allen Mitchel is pulling up the money (or was when his place was sold) now his place is not being sold, but ~~McKee~~ Kevoy said it would be all right (I think I told you dad tried to with draw & I would not let him) Then Aylota was talking, she does not want it sold, I said it is not to late she said it is because the papers are signed (she is such a strange person one does not know what she wants) she told she does not want it to be sold. but your father is so pig headed. This is what dad told me but told me to keep it under my hat till I can get £20,000 out of it. & you will all get a little out of it. I dont think he wants Aylota to know how much he will get. Then she told that us 3 girls are getting three thousand each out of dad will (dnt laugh) as if he would hell be

What was in her will, this is what she told me
 was in the last one. Dad was to get the
 place & me & she were all to get an eighth.
 I just laughed & said I don't expect
 anything out of it. I am not telling any
 of the others this because they may not keep it.
 When Dad had a row with her he told
 her things I said & one thing he got up
 side down. That's why he & I are not
 talking because he called me a liar when I
 said that was not what I said.

Dad is in hospital ~~she~~ went in on Thursday
 I was up on Sunday he said he will come out
 on Friday. Hylora went to Sydney on Saturday
 to see her mother, she had an operation a week
 ago & is doing well.

Our lights are on & we have the iron
 We went to the Pres Ball last night & it was
 go that's the last one for this year.

If the sale does not go through I send a
 wire, "all off" & you will know just what
 to do.

We are all here what did you
 think of Patricia's & your snap.

Well I must close now I have
 a lot to do. Love to Jean. all
 Love from all
 Grace
